

# Hank Snow, Just Keep A-Movin'

Recorded by Hank Snow

Just keep a-movin' wherever you were movin'  
They told me you were movin' on  
Just keep a-goin' wherever you were goin'  
The day you left me here all alone

You were in such a hurry, such a tizzy, such a flurry  
To leave me for the new love you found  
So just keep scratchin' gravel hit the road and start to travel  
I don't wanna do time, I'm not hangin' round

Just keep a-goin' wherever you were goin'  
The day ya broke my heart and said so long  
Just keep a-movin' wherever you were movin'  
The day you told me you were movin' on

Just keep a-movin' wherever you were movin'  
The day you moved right out of my door  
Just keep a love for you and keep him under cover  
Your secret love's no secret anymore

When you gave me the go sign I didn't even know why  
You were actin' mighty high and mighty then  
Now your new love's grown colder than a well digger's shoulder  
And you wanted me to take you back again

Oh, just keep a-goin' wherever you were goin'  
The day ya broke my heart and said so long  
Just keep a-movin' wherever you were movin'  
The day you told me you were movin' on
