

# Hank Snow, My Texas Blue Bonnet Queen

Recorded by Hank Snow

When the western sun is sinking and the moon creeps thru the sky  
And the little doggies cuddle close and dream  
Then I'll ride on down the canyon with a heart that's light and free  
For she's waiting there my Texas Blue Bonnet Queen

## CHORUS

Golden lovelight shines, my darling, in your eyes so bright and blue  
Cause I know you'll always be like a prairie flower to me  
And you'll never fade my Texas Blue Bonnet Queen

Riding down the trail together, my prairie flower and I  
O'er sage brush sea our happy dreams we'll share  
'Neath the moon in all its glory I'll whisper I love you  
And we'll link two hearts in love together there.
