Hank Snow, Ridin' Home

(He's ridin' home he's ridin' home)
Sun goes down work's all done evenin' cheer at last
Moon comes up behind the hills I love and I'm ridin' home I'm ridin' home
(See that lonesome cowboy ridin' down that lonesome trail)
Moonlight shadows sway into the tune of my lonesome way
Well I'm ridin' home I'm ridin' home
[strings]

Bed down doggies rest awhile I'll be back tomorrow morn
And take you down to where the waters flew but now I'm ridin' home I'm ridin' home
(See that lonesome cowboy ridin' down that lonesome trail)
Moonlight shadows...

I'm ridin' home I'm ridin' home
