Hank Snow, You're Easy To Love

Well it's easy for me to be true depend on me I'll always be faithful to you honey you just wait and see I'll never have a roving eye my love for you will never die And honey here's the reason why you're easy to love

You made me happy as I could be I'm satisfied I hope you're just as happy with me you know how much I've always tried Here's another thing for you to know my love for you is going to grow And every day I'm going to show you're easy to love

It makes me oh so proud just to be with you
And it's a mighty good feeling to know you feel the same way too
Well you've answered every one of my dreams they've all come true
The world's a better place it seems every since I met you
And here's the last thing I'd like to say thanks so much for loving me this way
And promise me you'll always stay so easy to love
[guitar]
And here's the last thing...
You're easy to love so easy to love
