

# Hank Thompson, I'll Be Your Sweetheart For A Day

Now listen girl as you gather round  
Don't think that I could ever settle down  
I've got to keep moving from town to town  
Like a ball keep rolling cause it's made round

Here today and gone tomorrow don't depend on me to stay  
Like a breeze that blows I've got to ramble  
I'll be your sweetheart for a day

[ fiddle - steel ]

Oh pretty girl you've got everything  
That would make my heart so loudly ring  
But I just won't let you cause I just can't fling  
I'll move on tomorrow see what a new day brings  
Here today and gone tomorrow...

[ piano ]

Here today and gone tomorrow...
