

Hank Williams III, Whiskey, Weed & Women

As I watch the sun
set slowly I hold back the tears
And I can't help but wonder
why the lord had to put me here
Caused I've raised hell
All night long
And I've seen a good
man go wrong
And I can't help
The way that I am
Cause the whiskey weed and women
had the upper hand
Livin' lonely
is the life that I been livin'
I got drunk
the day my paw went to prison
And when my mama died
I just didn't care about livin'
And I drank myself blind
just tryin' to find a good reason
And I've raised hell
All night long
And I've seen a good
man go wrong
And I can't help
The way that I am
Cause the whiskey weed and women
have the upper hand
Yeah the whiskey weed and women
have the upper hand,
hand,
hand
