Hank Williams Jr., Honky Tonkin

When you are sad and lonely and have no place to go Call me up, sweet baby, and bring along some dough And we'll go honky tonkin', honky tonkin' Honky tonkin', honey baby We'll go honky tonkin' 'round this town.

When you and your baby have a fallin' out Just call me up sweet mama and we'll go steppin' out And we'll go honky tonkin', honky tonkin' Honky tonkin', honey baby We'll go honky tonkin' 'round this town.

We're goin' to the city - to the city fair If you go to the city then you will find me there And we'll go honky tonkin', honky tonkin' Honky tonkin', honey baby We'll go honky tonkin' 'round this town.

Repeat first verse
