

Hank Williams Jr., I Can't Take It No Longer

No I can't take it no longer I'm goin' out of my mind
Baby since you been gone you know I cry all the time
I'm gonna crawl right back to you on my knees
Cryin' take me back please baby please please please
I can't take it no longer I got to be in your arms
You know it really is a wonder I ain't in the funny farm
Cause the sun ain't shinin' and it's nine eight degrees
But I'm shiverin' and shakin' and bout to freeze
I can't take it no longer I can't take it no longer
[steel]
I ain't gonna pay no attention to my pride
Cause without your sweet love I get to be tired
I can't take it no longer I'm goin' out of my mind
Baby since you been gone you know I cry all the time
I'm gonna crawl right back to you on my knees
Cryin' take me back please baby please please please
I can't take it no longer I can't take it no longer
I can't take it no longer I can't take it no longer
