

Hank Williams Jr., Jesus Don't Give Up On Me

Jesus I know I've neglected to do the little things the big things you wanted me to
I've let you down Jesus that's not hard to see Jesus oh Jesus don't give up on me
Stand by me Jesus forgive me somehow if there's any hope left don't leave me now
I might be worth saving I'm trying to be Jesus oh Jesus don't give up on me

[steel]

It's late I know and I've made you wait

But don't turn the light out don't lock the gate

Forgiveness and patience that's all I need Jesus oh Jesus don't give up on me

Stand by me Jesus...
