

# Hank Williams Jr., Liquor To Like Her

It takes a whole lot of liquor  
To like her  
That's why I drink all the time  
It takes a whole lot of liquor  
To like her  
But when I'm liquored up  
I like her just fine

She wants to tell me where to go  
Tell me what to do  
Tell me what to eat  
And how loud I can chew  
She even wants to tell me  
What thoughts I oughta think  
It used to drive me crazy  
Till it drove me to drink

It takes a whole lot of liquor  
To like her  
That's why I drink all the time  
It takes a whole lot of liquor  
To like her  
But when I'm liquored up  
I like her just fine

Well she's such a pretty thing  
You'd think she's heaven sent  
She's the quarrelsome kind  
Love's an argument  
She could yell all day  
She can scream all night  
I just sit there smilin'  
As high as a kite

It takes a whole lot of liquor  
To like her  
That's why I'm drinking all the time  
It takes a whole lot of liquor  
To like her  
But when I'm liquored up  
I like her just fine

This drinking buddy of mine  
Said he met a girl  
Said she was the meanest  
Woman in the world  
I saw her pretty picture  
I said man your poking fun  
Then the day I met her  
I said pour me one

It takes a whole lot of liquor  
To like her  
That's why I drink all the time  
It takes a whole lot of liquor  
To like her  
But when I'm liquored up  
I like her just fine

You may look down your nose at me  
Think I'm an old sorry  
Son of a b  
The only way I'm giving up  
My drinking glass is if I can

Find a way to get her off my back

Spoken: Your wife's on the phone.

Little brown jug upon my lips  
Your saving our love  
With every sip

It takes a whole lot of liquor  
To like her  
That's why I drink all the time  
It takes a whole lot of liquor  
To like her  
But when I'm liquored up  
I like her just fine

Every time I get sober  
She drives me out of my mind  
It takes a whole lot of liquor  
To like her  
But when I'm liquored up  
I like her just fine

But when I'm liquored up  
I like her just fine

But when I'm liquored up  
Hell I love her
