

Hank Williams Jr., Old Before My Time

You'd like to have me take you dancin' every other night
It's gotten so my eyes're runner custom to daylight
My bills're runnin' up and I am runnin' down
The way I'm goin' soon I'll be sent the underground
You're gonna make me old before my time
I don't know how you go on like you do
But I don't mind growin' old before my time just as long as I'll grow old with you
You're gonna make me old...
You're gonna make me old...
