

Hanna Pakarinen, Kiss Of Life

I can see the thing with you
your forrest and your trees
You're so close to who you are
you don't know how to be
Blind to other points of view
you wander aimlessly
You could find your way again
if you would just hear me
I know that you won't die
You think that it's a lie?
I'll show you what it means
to be free
I could change your life
and open up your mind
Or you could stay the same
and drown in all your sorrow
Let me be the one
who gives the kiss of life
You can't stay this way
you're burning your tomorrows
your tomorrows
You're not answering your phone
you let it ring and ring
now your crises starts to breathe
I can't do a thing
I know that you won't die
You think that it's a lie?
I'll show you what it means
to be free
I could change your life
and open up your mind
Or you could stay the same
and drown in all your sorrow
Let me be the one
who gives the kiss of life
You can't stay this way
you're burning your tomorrows
your tomorrows
I believe
that you've finally found the door
Here's the key
that you've got to push
Push that more...
I can see the thing with you
your forrest and your trees
You're so close to who you are
you don't know how to be
I could change your life
and open up your mind
Or you could stay the same
and drown in all your sorrow
Let me be the one
who gives the kiss of life
You can't stay this way
you're burning your tomorrows
your tomorrows
