

Hanna Pakarinen, We Don't Speak

What's that you sat
So now you wanna be friends
or maybe we could start up again
Why did we throw it away
Maybe I should remind you
I was everything you didn't like
't was always something
everyday we'd fight, you put it all on me
I remember

:chrous:

That's why we don't speak anymore now
So what you calling me for now
Heard you said I'm a ho now

Whywhy---

That's why we don't speak anymore now
So what you calling me for now
Heard you said I'm a ho now

Whywhy---

Sad

yeah! that's what it is
Living with so many regrets
Tell me what do you miss
Did you fall out with your girlfriend
You're mistaking me for somebody else
You need someone more like yourself, no-ho
but baby that's not me
don't pretend cause

:chrous:

That's why we don't speak anymore now
So what you calling me for now
Heard you said I'm a ho now

Whywhy---

That's why we don't speak anymore now
So what you calling me for now
Heard you said I'm a ho now

Whywhy---

I know you

I-I-I I know you

I-I-I I do

You're full of suprieses ain't you
why don't you back off
Give in before I hate u
There's no love lost (there's no love lost)
Cause I'm not bitter
No I'm not sad
Cause i've got better
I don't want you back, no way
I'm not that insane
I still remember, cause..

That's why we don't speak anymore now
So what you calling me for now
Heard you said I'm a ho now

Whywhy---

That's why we don't speak anymore now
So what you calling me for now
Heard you said I'm a ho now

Whywhy---

That's why we don't speak anymore now
So what you calling me for now
Heard you said I'm a ho now

Whywhy---

That's why we don't speak anymore now
So what you calling me for now
Heard you said I'm a ho now

Whywhy---
that's why we don't speak
