Hannah Jones, In The Name Of Love

How many times have you been in love Can you take love one more time How many times have you been hurt before Can you stand love one more time

In the name of love In the name of love In the name of love In the name of love

How many times have your feelings been ignored And you say to yourself this is it Here it comes again, you've gotta love again Just when you thought you had yourself together

In the name of love
In the name of love
In the name, in the name, in the name of love
In the name of love
In the name of love
In the name of love (I can't take it no more)
In the name of the game of love, in the name of love

So maybe it's better it's finally over And you'll have the chance to live your life one more time (again)
