

Hannah Montana & David Archuleta, I wanna know

[Hannah]

When I saw you over there
I didn't mean to stare
but my mind was everywhere
I wanna know you

[David]

but I guess that you're the kind
that says what's on her mind
but you listened when I had something to show you

[Hannah&David]

You smile and never shout
You stand out in the crowd
You make the best of every situation
Correct me if I'm wrong
You're fragile and you're strong
A beautiful and perfect combination

[David]

Ohhhhhhh yeah

[Hannah&David]

I wanna know you
I wanna know that where you go
I wanna find out
What you know
And maybe someday
down the road
sit back and say to myself
Yeah I thought so

[David]

Yeahh

[Hannah&David]

Like how you
are with me
in our future, history
and maybe someday down the road
I'll sit back and say to myself
Yeah I thought so

[David]

I thought so

Woahh-ohhh

[Hannah]

Yeahh-eahh

[David]

Yeah-eah

[Hannah&David]

Yeahh-eah

Yeahh-eahh-eahh-eahh

I wanna know you

Yeah-eah-eah

Yeah-eah-eah

I wanna know that

where you go

I wanna find out

what you know

and maybe someday down the road

I'll sit back and say to myself

[Hannah]

Yeahhhhhhhh

[David]

I don't what's going on with me?

History

[Hannah]

And maybe someday

[David]

Down the road

[Hannah]
I thought so
