

# Hannah Montana, I Got Nerve

We haven't met, and that's okay  
'Cause you will be asking for me one day  
Don't want to wait in line  
The moment is mine believe me

Don't close your eyes  
'Cause it's a chance worth takin'  
And I think that I can shake you

I know where I stand  
I know who I am  
I would never run away when life gets bad  
It's everything I see  
Every part of me  
Gonna get what I deserve  
I got nerve

Electrified, I'm on a wire  
Gettin' together and we're on fire  
What I said, you heard  
Now I've got you spinnin'

Don't close your mind  
The words I use are open  
And I think that I can show you

I know where I stand  
I know who I am  
I would never run away when life gets bad  
It's everything I see  
Every part of me  
I know I can change the world, yeah, yeah, yeah  
I know what you like  
I know what you think  
Not afraid to stare you down until you blink  
It's everything I see

Every part of me  
Gonna get what I deserve  
I got nerve

You...You need to discover (Discover)  
Who you make feel free  
And I need to uncover  
The part of you that's reaching out for me, hey

I know where I stand  
I know who I am  
I would never run away when life gets bad  
It's Everything I see  
Every part of me  
I know I can change the world, yeah, yeah, yeah  
I know what you like  
I know what you think  
Not afraid to stare you down until you blink  
it's everything I see  
Every part of me  
Gonna get what I deserve  
I got nerve

I'm what you want (yeah, yeah)  
I'm what you need (I Got Nerve)  
I'm what you want

I'm what you need

I know what you like,  
I know what you think  
Not afraid to stare you down until you blink  
It's everything I see  
Every part of me  
Gonna get what I deserve  
(I got)  
I got nerve
