Hannah Montana, These Four Walls

These four walls They whisper to me They know a secret I knew they would not keep It didn't take long For the room to fill with dust And these four walls came down around us

It must have been something to send me out of my head With the words so radical and not what I meant Now I wait For a break in the silence 'cause it's all that you left Just me and these four walls again

It's hard now to let you be I won't make excuses I've made my peace It didn't take long For me to lose the trust 'Cause these four walls Were not strong enough

It must have been something to send me out of my head With the words so radical and not what I meant Now I wait For a break in the silence 'cause it's all that you left Just me and these four walls again

Yeah It's difficult Watching us fade Knowing it's all my fault My mistake Yeah, and it's difficult Letting you down Knowing it's all my fault You're not around

It must have been something to send me out of my head With the words so radical and not what I meant Now I wait For a break in the silence 'cause it's all that you left Just me and these four walls again

Again These four walls again
