Hannah Montana, We Got The Party (Remix)

Come on, guys Tell me what we're doing We're hanging 'round when we could be all over the place The sun is shining just the way we like it Let's get outta this hallway Show the world our face

It's Friday but there's nowhere to go Anywhere is cool but we're not going home And we can do anything we wanna do It's all up to me and you

Turn this park into a club The stars are lights and the moon is a vibe from above Skateboard here's our ride So pull on up, everyone is waiting for us

Anywhere we are, anywhere we go Everybody knows We got the party with us!

Anywhere we are, anywhere we go Everybody knows We got the party with us! We got the party with us! We got the party with us!

Radio, let me be a DJ I'll turn you up, keep us moving 'til we're on a roll Everyone is dancing to their own beat And letting go, everybody here's got a soul

It's Friday and there's nowhere to be We're kicking it together, it's so good to be free We got each other and that's all we need The rest is up to you and me

Turn this park into a club The stars are lights and the moon is a vibe from above Skateboard here's our ride So pull on up, everyone is waiting for us

Anywhere we are, anywhere we go Everybody knows We got the party with us!

Anywhere we are, anywhere we go Everybody knows We got the party with us! We got the party with us! Woo! We got the party, we got the party!

Life is for dreamers And I'm a believer That nothing can stand in our way today Let's find a place to play Yeah!

Turn this park into a club The stars are lights and the moon is a vibe from above Skateboard here's our ride So pull on up, everyone is waiting for us Anywhere we are, anywhere we go Everybody knows We got the party with us!

Anywhere we are, anywhere we go Everybody knows We got the party with us!

Turn this park into a club The stars are lights and the moon is a vibe from above Skateboard here's our ride So pull on up, everyone is waiting for us

Anywhere we are, anywhere we go Everybody knows We got the party with us!

Anywhere we are, anywhere we go Everybody knows We got the party, we got the party! We got the party, we got the party with us! We got the part with us!
