

Hanoi Rocks, Watch This

Everything I see
I haven't seen this way before
It's not just you and me
Others do agree for sure
Everyone I know
Is so afraid and quite confused
What becomes of us
Should be known to me and you
All that we have found
The infrastructure's breaking down
I see no saviour coming 'round
The final days have come and gone
And more lies become exposed
Beyond the ones we already know - no nice surprise
WATCH THIS - YOU THINK YOU'VE SEEN IT ALL
WATCH THIS - THE BEST IS YET TO COME
SOME REAL FUN
WATCH THIS - I WATCH IT ALL FLOW BY
AND LET NOTHING PHASE ME OUT
Everything's a mess
But my mind is pure and clean
I can only guess
Have they brainwashed, programmed me?
Almost everyone
Is scared of what they might become
Some already have
Made a nightmare from a dream
All that we have found
The infrastructure's breaking down
But all this chaos calms me down
Disorder comes as safe and sound
I'm detached from the outcome
But I still believe in miracles - some nice surprise
WATCH THIS - YOU THINK YOU'VE SEEN IT ALL
WATCH THIS - THE BEST IS YET TO COME
SOME REAL FUN
WATCH THIS - I WATCH IT ALL FLOW BY
AND LET NOTHING PHASE ME OUT
