

# Hanover Saints, Hold Fast, Hold Still

Right here right now stand together  
The dividing lines I will never accept never  
Right place right time to tell the truth  
Wee heard all the lies it nothing new

Break down  
The walls  
Break we are freedom fighters

Right here right now united  
Hold fast hold still won stand to be divided  
Right place right time to show our colors  
When the smoke clears his glory will be like thunder
