

# Hanover Saints, Salutations

Starving nation, time to change the station, of what we used to  
No passion, we lack action, what are we gonna do

Change or stay the same, are we digging our graves  
Change or stay the same, are we wide awake

Salutations silent nation

Gave us a sound mind, it took some time, better late than never  
You wanna talk warfare, point blank into cold stares,  
the devil ain't the winner

Change or stay the same, are we digging our graves  
Change or stay the same, are we wide awake

Salutations silent nation
