

# Hanover Saints, Shoeshine Champion

Shoeshine champion is in trouble, shoe shine champion where did you go  
In the hussled fast pace of the city, better pay attention or you'll miss everything

Junkies, whores, homeless, city life, a city without prayer won't ever survive,  
when you go to Sodom don't let yourself fall in,  
take a deep breathe no compromise all out war on enemy lines open our homes bring the wounded  
Better a patient man than a warrior, a man who control's his temper than one who takes a city
