When I wake up in the night, and I need somebody It's you, it's you, When I wake up in the night, and I need somebody, too; It's you.

I need you girl.
I need you girl.
I need you through the night and day,
I need you girl.
I need you girl.
I need you through the night,
And then I hear you say

Whoa, whoa.

You don't know how much I love you child, You don't know how much I care. You don't know how much I love you child, I'll always be there for you, I'll never leave you. You don't know how much I care.
