

Hanson, Leave The Light On

You were smart enough to say goodbye
And God knows why I gave you reason why
My heart was faking, my words were full of lies

Well, now I see how much I was wrong
I guess you knew it all along
My only hope is that I'm not too late

If you could a light on
And help me find my way back home
I'll be on my way
Back into your loving arms
If you could put a smile on
And help me through the days I'm gone
I'll be on my way
Back into your loving arms

I'd gladly give you all I have
Wait for years to get you back
If only just a spark of love remains

So don't give up on me just yet
I said a lot that I regret
My only hope is that I'm not too late

If you could a light on
And help me find my way back home
I'll be on my way
Back into your loving arms
If you could put a smile on
And help me through the days I'm gone
I'll be on my way
Back into your loving arms

Oh oh oh, oh oh oh
Oh oh oh, no
You were smart enough

If you could a light on
And help me find my way back home
I'll be on my way
Back into your loving arms
If you could put a smile on
And help me through the days I'm gone
I'll be on my way
Back into your loving arms

Oh, yeah...
