

# Hanza, (You Shot the) Girl!

You shot the Girl!

You shot the Girl!

Doesn't matter how she tried

Doesn't count if you confine

No one cares when or why

But what matters is:

/2x

Shot the girl

And now she's dead

And now you wish

You wouldn't let her die

/2x

Doesn't matter how she tried

Doesn't count if you confine

No one cares when or why

But what matters is yeah

/2x

You shot the girl

And now she's dead

And now you wish

You wouldn't let her die

Shot the girl just to justify

Things she did when she felt so high

You don't remember the reason for

Putting her to sit the floor

/2x

Shot the girl

And now she's dead

And now you wish

You wouldn't let her die
