

Hanzel Und Gretyl, Meisterfrau

Hurt we hurt
In a dark room
Sleep we sleep
Over everything-over
everything
Dream we dream
To taste each other's tree of
sugar
Go we go
Vile man you have hit my
heart
Hurt my heart!
Argue we argue
My lust is your worst devil
Scream we scream
Tapping like a million dogs
Brush we brush
We are so dirty
Eat we eat
As long as I know we need
food
Everything is ok-
that doesn't taste good
Everything is ok-
my shatzi
There is no place for you
Lock the door and go fast
This is my shot from hell
Too late is the end
Rulingwoman is rulingwoman
is ruling
