

Happy Hardcore, As Good Together

Open your eyes, see all the love in me
I got it on forever
Don't be afraid, take all you need with me
And we'll be as good together

Ohhh, and we'll be as good together
Ohhh, and we'll be as good together

Open your eyes, see all the love in me
I got it on forever
Don't be afraid, take all you need with me
And we'll be as good together
