

Happy Hardcore, Power Of Love

Can you feel the fire burn
as it takes controll of you
There is no where you can turn
there is nothing you can do
ohh yeah
Your heart will never be free
as it takes you high above
So baby wont you come with me
and we can fly on the
Power of love!!

Can you feel the fire burn
as it takes controll of you
There is no where you can turn
there is nothing you can do
ohh yeah
Your heart will never be free
as it takes you high above
so baby wont you come with me
and we can fly on the
Power of love !!

I want you
I need you
Baby wont you come with me
I want you
I need you
Baby wont you come with me
Can you feel
The power of love!!
