

Happy Mondays, Bobs Yer Uncle

What do you want to hear when we're making love
What do you want to hear when we're making love
Can I take you from behind and hold you in my arms
What do you want to hear when we're making love
Can I take you from behind and feel you in my heart
What do we need to re-live to bring us close
Why don't you do it to me
Why don't you do those things to me
Why don't you do it to me
Why don't you do those things to me
Four fall in a bed, three giving head, one getting wet
Four fall in a bed, three giving head, one getting wet
What do you want to hear when we're making love
Can I hold you from behind and tell you that it's me
Why don't you do it to me
Why don't you do those things to me
Why don't you do it to me
Why don't you do those things to me
The love drug is a bug that cuts us both uo
Why don't you do those things to me
Why don't you do it of me, why don't you do those things to me
What can I say to you when we're making love
I could take you from behind and make you live
What do you need me to say when we're making love
I can take you from behind and then I'll forgive
Why don't you do it to me
Why don't you do those things to me
Why don't you do it to me
Why don't you do those things to me
