

# Happy Monster Band, I Will Be Your Friend

L.O.:

I know a monster by the name of Terry  
He's twice my size and seven times as hairy  
Though he may look sorta tough, Terry's anything but rough  
For his best friend, it's his purple pet canary

Bluez:

I know a monster by the name of Billy Bob  
He used to cry an awful lot, I mean he really sobs  
I said, "Why are you crying, Bill?" He said, "I haven't got a friend."  
And I said, "Billy, don't be silly man. I'll take the job."

(Chorus)

All:

I will be your friend, indeed  
When you're in need, I'm there with lightening speed  
I will be your friend today  
And forever monster friends will stay

Ffred:

I know a monster by the name of Kate  
We are partners when we ice skate  
And whenever I get blue, she's the monster I talk to  
Having friends to cheer me up is awfully great

Ffred, Bluez, L.O.:

We know a monster by the name of Doris  
She lives below a tree inside the forest  
We get together every day just to sing and dance and play  
And so, to her, we will dedicate this chorus

(Chorus)

All:

I will be your friend, indeed  
When you're in need, I'm there with lightening speed  
I will be your friend today  
And forever monster friends will stay
