

# Harbourlight, Grace Covers

It's falling down on us  
Your mercy falls and covers us  
And we're set free  
In grace and mercy flowing  
I've been redeemed, all my debt paid for me

Sing it out, sing it loud  
Let earth and heaven hear us now  
Jesus bled, His blood was shed  
That we might sing this freedom song  
Grace is here

And be a light in darkness shine  
Tell the world He is alive  
And live to say, Our God reigns  
And He covers us with grace

O let me be a light  
That shines with Your life  
That shines with Your grace  
Shines with Your face
