

Harbourlight, It Is You

He speaks the word
And the storm kneels down before Him
He said "Let it be";
And there was water, land and sky
Who is so mighty
That the universe exalts Him
He is so mighty
And yet looks down and says
"I love you";

It is Your hand that's moving
It is Your fire consuming
It is You Lord
It is Your name forever
It is Your name forever
It is You Lord

And in His eyes
Flaming fire says He's holy
Yet in His hands
The nail scars say He's mercy
Alpha Omega
He's the Lord of all ages
Jehovah Jirah
He looks down and says "I love you";
And there's no denying our God is awesome
There's no denying our God is awesome
You're awesome God
What an awesome God
And there's nothing else
Nor another like Him
No there's nothing else
Nor another like Him
You're awesome God
What an awesome God
