

Harbourlight, Jesus Breathing

I can feel heaven's wind on me
It blows across the sea, and it brings
O it brings me healing
Songs of forgiveness ring
I hear the angels sing, I can feel
I can feel Jesus breathing
O blow, blow on me, blow on me, flow

Flow living water
Showers from heaven
Fall on the broken
Bring life to Your children O God
Jesus is breathing

I can feel in me heaven's fire
Tides of love now rise, and they break
They break the walls around me
So burn deep into my soul
Burn where I cannot go in me
I can feel Jesus breathing
O blow, blow on me, blow on me, flow

Flow living water
Showers from heaven
Fall on the broken
Bring life to Your children O God
We shout out our freedom
Rejoice like the children
Our chains have been broken
Our shame has been nailed to the cross
Jesus is breathing

Jesus breathing, Jesus breathing
Love and mercy, I can feel you breathing
