

Harbourlight, One God

There is a God who forever stands
He holds the universe within His hands
There is power in Jesus name
Whoever calls on Him shall be saved
Come and bow before

Come and lay your ashes down
For in Him new life is found
As you fall down on the shore
Of the greatest one of all

For all time
There is one God
One who can save and one who
All will fall down before
Crying "Holy";
Come and bow before

One Saviour for all time
Died for all then rose to life
There is a God who forever stands
He holds the universe within His hands
Come and bow before
