

Hard-FI, Living for the weekend

Oh, I've been working all week I'm tired
I've been working all week and I'm
Just living for the weekend
Hey hey, I've got some money I just got paid
I got some money and I can't wait
At 6 o'clock, I'm out of here
Out there tonight is the night of my life got my name on
Run down the street adidas on my feet I'm on fire
Working all the time, work is such a bind
Got some money to spend, living for the weekend
When it gets too much, I live for the rush
Got some money to spend, living for the weekend
Oh man, I've been working all week I'm shot
I've been working all week for what?
Just living for the weekend
Ah shit! So my clothes are all counterfeit
So my name isn't on the list
You can't come in so go home boys
Slip round the back look at that, there's a cracked toilet window
Drop to the floor cold as ice through the door I'm on fire
Working all the time, work is such a bind
Got some money to spend, living for the weekend
When it gets too much, I live for the rush
Got some money to spend, living for the weekend
Can you feel it?
Feel the pressure rising
Push it down, Oh lord
Pressure, pressure, pressure, pressure, pressure
Feel the pressure, pressure, pressure, pressure, pressure
Living for the weekend, living for the weekend
Living for the weekend, living for the weekend
Living for the weekend, living for the weekend
I'm living for the weekend, I'm living for the weekend
Going out tonight, going out tonight
Baby you and I going out tonight
Going out tonight, going out tonight
Baby you and I going out tonight
