

# Hard Rain, Rock Me In Ya Cradle

I'll give you all I've got to give  
And mean it more than I ever did  
I've lost my heart, I've lost control  
And now I want to get closer to you  
I want to get closer to you

So come inside and just talk to me  
About the times, how they ought to be  
We got the love, we got the soul  
And now I want to get closer to you  
I want to get closer

Rock me, rock me, rock me in the cradle of love  
Rock me, rock me, rock me in the cradle of love  
Rock me in ya cradle, ever loving and faithful  
Rock me in ya cradle of love

Well, I believe it's better this time  
And we could look but we'd never find  
Another love that we can hold  
I want to get closer to you  
I said I want to get closer

Rock me, rock me, rock me in the cradle of love  
Rock me, rock me, rock me in the cradle of love  
Rock me in ya cradle, ever loving and faithful  
Rock me in ya cradle of love

Step by step - making my way to you  
Step by step - I'm coming through

Rock me, rock me, rock me in the cradle of love  
Rock me, rock me, rock me in the cradle of love  
Rock me in ya cradle, ever loving and faithful  
Rock me in ya cradle of love
