

Hard Rain, Who You Gonna Trust

Well, there's nothing in this world you can't break
I know it's obvious
And it's possible to fake, who you going to trust?
So don't believe it when they tell you I lie
Thought you were sensible
Intoxicated mind can be vulnerable

There ain't nothing I would hide from you now
Don't be ridiculous
Sometimes you're just too proud and impetuous
If you really think it's better, go slow
It ain't just sexual
I want everyone to know we're inseparable

Sometimes good, sometimes it's bad
Can't live without your love
Misunderstood, don't get so mad
Right now I need your love

You've got panic in your eyes and it shows
You're looking back too much
And that fear inside you grows and that's dangerous
Well, there's loving to remind us both how
It got so serious
No past, no guilt, no vow could hurt the two of us

Sometimes good, sometimes it's bad
Can't live without your love
Misunderstood, don't get so mad
Right now I need your love

Want it forever, ain't going to kiss and tell
And stay together under your magic spell
Don't want a letter, don't want a photograph
Want something better, don't want to give it back

Sometimes good, sometimes it's bad
Can't live without your love
Misunderstood, don't get so mad
Right now I need your love
