

# Hardcore Superstar, Liberation

The love she gives is almost real  
Some things inside is always clear  
So deep inside my mind I always see

## CHORUS

But she will never ever be the one that I need  
And she will never ever be the one that I love  
But she will always be the one  
The only one that I want

I don't know what is in my head  
But if it's good then I don't mind  
The liberation of my life is what I want and what I need  
(x2)

She plays with my head all day  
I'm over her in a way  
She plays with my mind and says she'll stay

## CHORUS

I don't know what is in my head  
But if it's good then I don't mind  
The liberation of my life is what I want and what I need (x4)

You want it  
She need it  
She want it  
She need it  
Liberation of my life (x2)
