

# Hardline, Change Of Heart

I can feel the time is slipping  
And there is nothing I can do to get through to you  
Night after night, fight after fight  
Is every inch of hope gone, or is it hiding in you  
Through the laughter there's always been pain  
There's only heartache and no one's to blame

[Refrain:]

I feel the change of heart  
Burning inside me  
It tears us apart  
I feel the change of heart  
Not a word that you can say  
Could change yesterday

Sometimes words don't come out easy  
Though we try and try again, the hurt never ends  
Maybe we'll learn to love tomorrow  
It's my heart I've got to follow more faithfully  
I can't stay another day  
I've been living a lie in hope  
And I'm praying there's a way

[Refrain]

You know we have tried  
I have nothing to hide  
There's no you and I  
Yeah, stop talking about love

You're everything I wanted  
You're everything that I need

[Refrain]
