

Hardwell, Shotgun (It Ain't Over) - feat. Bright Lights

It ain't over till it's over, oh
It ain't over till I say, till I say
It ain't over till it's over, oh
It ain't over till I break, till I break

'Cause we got this fire and the tide's moving closer
I scream through the wire
With the world on my shoulders, it ain't over

It ain't over, remember I told ya
It ain't over, so why won't it come to stop?
It ain't over, remember I told ya
It ain't over, it ain't over
