## Hardwell, Shotgun (It Ain't Over) - feat. Bright Light

It ain't over till it's over, oh It ain't over till I say, till I say It ain't over till it's over, oh It ain't over till I break, till I break

'Cause we got this fire and the tide's moving closer I scream through the wire With the world on my shoulders, it ain't over

It ain't over, remember I told ya It ain't over, so why won't it come to stop? It ain't over, remember I told ya It ain't over, it ain't over
