

Harem Scarem, Jealousy (Acoustic)

(Hess/Lesperance)

How could you be so cruel

Is how the conversation starts

You say I'm breaking all the rules

Not to mention your heart

You say I promised you my love

Well, I got no reason to lie

Cause I foresee a change

And there's no mistake

If you wanna know the reason why

(Chorus) It's your jealousy

And I don't understand it at all

You've redefined jealousy

And wear it out on your sleeve not your heart

Now, I've got nothing left to say

You know I don't want no part

Of a mind that's so twisted

And views a million miles apart

You say I promised you my love

Should I give it one more try

I still foresee a change

There's no mistake

If you wanna know the reason why

(Chorus)
