

Harlan Howard, I Don't Mind

It used to break my heart each time you cheated
I tried to leave the Lord knows how I tried
But I stay here no matter how I'm treated and all it really cost me was my pride
But I don't mind I don't mind I did for a time but I don't mind
You and I have a perfect understanding you come and you go just as you please
And I never get too angry or demanding it's hard to get mad on your knees
But I don't mind baby I don't mind I did for a time but I don't mind
(dobro)
Once I was strong as the mountain I stood tall like a giant oak tree
Now my blood runs thin like water from a fountain you've taken all the man out of me
But I don't mind baby I don't mind I did for a time but I don't mind
I don't mind baby I don't mind I did for a time but I don't mind
