

Harlan Howard, I Hope You're Lonesome

I hope you're lonesome I hope you're sad
I hope you're haunted by the good times we had
I hope you're learnin' just watch you threw away
For if you're lonesome you might come back some day
I hope that you can't sleep I hope you learn to weep
I hope that your heartaches forepast mistakes
For if you're lonely you might find you were wrong
I hope you're lonesome then maybe you'll come home
(piano)
I hope that you can't sleep...
