

Harloff Kevin P, The Skies In Your Eyes

But you can't stay here
Its my mind I fear
I feel I'm loosing control
With you

And the skies in your eyes
They don't lie
They tell me everything
About whats inside
Of your mind
They tell me everything

Is it yes or no?
Will you stay or will you go?
Then I look at you
And I know.....

Cause the skies in your eyes
They don't lie
They tell me everything
About what's inside
Of your mind
They tell me everything

Take my hand
Follow me
Don't look back
Its supposed to be

Just hold tight
This is right
Cause I know
Your with me....

And the skies in your eyes
They don't lie
They tell me everything
About whats inside
Of your mind
They tell me everything.....
