

Harry Connick Jr., Doctor Jazz

hello central give me doctor jazz. he's got just what i need, i know he has.
when the world goes wrong, and i've got the blues, he's the man who makes me
put on both my dancin' shoes. the more i get, the more i want it seems.
i page old doctor jazz in all my dreams. when i'm trouble bound, and mixed,
he's the cat who gets me fixed. hello, central, give me doctor jazz.

VERSE: everybody gets the blues now and then and they don't know what to do.
i've had it happen many times to me, and so have you. now this feeling's gone
and past. i've found out what to do at last. whenever i feel down and out,
you can hear me shout hello central, etc., etc
