

Harry Connick Jr., Here Comes The Big Parade

Step aside
Step aside
The crews gonna take a ride
Better stand behind the barricade
Here comes, here comes, here comes
The big parade

So make way
So make way
That's what the captain say
Down St. Charles and Esplanade
Here comes
The big parade

"Throw me somethin' mister"
I wanna dance with your sister
Brass bands marchin' by
Throwing notes to the sky

There goes
There goes
Second-liners and flambeaus
I'm feelin even better
Than the day was made
Here comes
Here comes
Here comes
The big parade
