

Hate Squad, Different From You

Close mindedness

Shows in everything you do and say

You are afraid of another way

To live a life different from yours

- Different from yours

Tolerance - learn to accept

Ignorance - will lead you nowhere

Tolerance - learn to respect

Ignorance - a one way street for you

But life forces you

And everyone to be tolerant

And accept that not everyone

Thinks or lives the same way

- lives the same way

Tolerance - learn to accept

Ignorance - will lead you nowhere

Tolerance - learn to respect

Ignorance - a one way street for you

Close mindedness

Shows in everything you do and say

You are afraid of another way

To live a life different from yours

- Different from yours

Tolerance - learn to accept

Ignorance - will lead you nowhere

Tolerance - learn to respect

Ignorance - a one way street for you
