

# Hate Squad, My Truth

In this world, surrounded by chaos  
It's hard to go the way til the end  
May I reach the end of the tunnel?  
To see the light, to live my own truth

Walkin' on the way where madness reigns  
Can't beleive one word that you try to preach

Live my own truth, try to use my own rules

Meaning of life  
Aside my dreams  
I am alone  
Fight to survive

Never trust you  
I know the truth  
Never trust you  
My truth

In this world, surrounded by chaos  
I'll find a way to go till the end  
I will reach the end of the tunnel  
Will see the light and live my own truth

Walkin' on the way where madness reigns  
Won't beleive a word that you try to preach

Live my own truth and I use my own rules

Meaning of life  
To realize dreams  
Never alone  
Never trust you

Never trust you  
I know the truth  
Never trust you  
My truth

Walkin' on the way where madness reigns  
Won't beleive a word that you try to preach

Live my own truth and I use my own rules

Meaning of life  
Aside my dreams  
I am alone  
Fight to survive

Never trust you  
I know the truth  
Never trust you  
My truth
