

# Hatesphere, Bleed To Death

Name the time, name the place  
And I will show you what Ive got  
Show you my fucking ace  
Throughthe years Ive trained my skills  
Violent rapture is my codex  
Now I start up my hate injected engine  
Light up my rodeo of burning pits  
Aint life a bitch  
Kneel down  
Taste my switchblade knife  
Oh so sharp, sharp as a razor  
Ill stab your head and punch you in your mouth  
You bleed to death before me  
Bleed to death bleed  
Ill stab your head and punch you in your mouth  
You bleed to death before me  
Bleed to death bleed  
Name the time, name the place  
And I will show you what Ive got  
Show you my fucking ace  
Now I start up my hate injected engine  
Light up my rodeo of burning pits  
Aint life a bitch
